Dear Mr. Weisberg:

It must be about 25 years since last we corrssponded--but I have kept up with your work all through those years. I am especially pleased with your quick response to Posner's Case Closed. I wrote several letters to editors rebutting favorable reviews of that book.

When the enclosed column by Michael Sneed appeared in the Sun-Times, I thought there would be some follow-up by someone, but not a peep anywhere that I saw. I wonder if Bob Vernon of Houston TV has something. The prisoner certainly has a great attorney--one of the very best.

My admiration for your work in the assassination case is unlimited. May the truth prevail!

Pax, amor et felicitas...

Hank Gettinger
